

# SENIOR WALKS:

## EXPLORING MARIN'S CONSERVATION HISTORY ON FOOT

Presented by **Marin Conservation League**  
In association with **Marin County Parks**

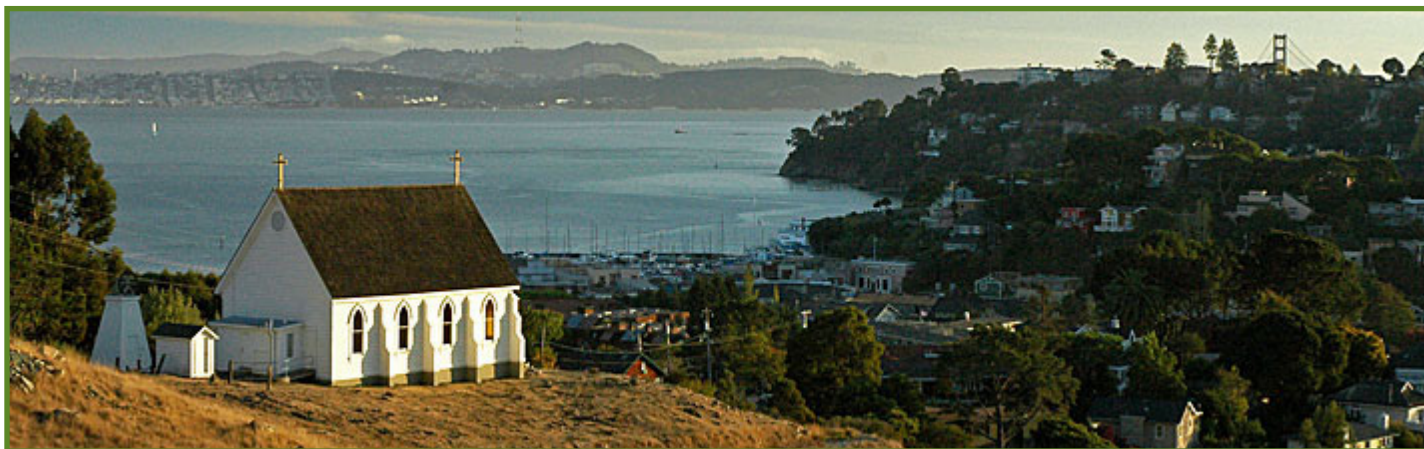

Photo: Courtesy of Marin County Parks

Welcome to **Walks into Conservation History for Seniors!** In this free program we will visit special lands in Marin that were acquired over many years to protect their plants and wildlife, and for people to enjoy. Our focus is on Marin County's Open Space Preserves, but we will visit other public lands as well.

We will transport you by van – or meet you at the Trailhead if you choose – walk on easy trails, talk about how the lands were saved, introduce you to plants and wildlife, and enjoy a light snack. *Van capacity is 20, and reservations are required for all participants.*

### **Old St. Hilary's Open Space Preserve, Tiburon** **Friday, June 10**

Enjoy unsurpassed views of the Bay from the southern ridges of Tiburon Peninsula. Old St. Hilary's Open Space Preserve, saved by local activists in the 1990s, adjoins the Tiburon Uplands Nature Preserve and privately-owned lands of the Martha Company.

#### **Van pick-up and return:**

9:00am Smith Ranch Park & Ride Lot, San Rafael

9:20am Mill Valley Community Center;

9:45-10:00 Onsite meeting time.

Directions: take Tiburon Blvd (State Route 131) from 101, drive to "downtown" Tiburon traffic light at Beach Rd. Left on Beach Rd, continue for a few blocks and turn left on Esperanza St. (a sign points to Old St. Hilary's church). Ample parking at the church.

### **Future Walks:**

**July 13, Wed.**  
Stafford Lake Park,  
Novato  
(wheelchair accessible)

More walks pending  
for Fall 2016.

*Registrations being accepted,  
pick-up times may vary.*

## **RESERVATIONS REQUIRED & SPACE IS LIMITED.**

**For reservations and more information call Marin Conservation League at 415-485-6257.**

Protecting Marin Since 1934

The Senior Walks Program is funded by Measure A: Community Grant Program. Open to all Seniors. With the exception of one wheelchair-accessible Walk (July 13), all Walks require the ability to walk about one mile on fairly level but possibly uneven surfaces.
